

Three Years of Progress and Partnership

It's the third anniversary of construction beginning on the 183 North Mobility Project. These past three years have been a journey toward improved mobility in Northwest Austin. We are grateful for this community, and we appreciate your patience as construction continues toward the finish line. Happy anniversary, and Happy Valentine's Day from the 183 North Mobility Project team!

Our Annual Meeting Video is Here!

We're excited to share the latest updates on the 183 North Mobility Project with our Annual Update Meeting video. This recorded presentation will give you the inside scoop on the work completed in 2024 and what's to come in 2025.

In the Community

Showing Love: In the Community

At 183 North, we're all about spreading the love, and that means being out in the community with YOU! In 2024, we were happy to connect with so many of you, sharing project updates and gathering feedback as construction continues. As we look ahead for 2025, we want to continue that connection. Let us know if there are meetings or events we should consider attending, and we'll do our best to be there with updates, answers and a listening ear. Can't wait to see you this year! Click below to see where we were in 2024.

Help Us Spread Some Local (Business) Love

We want to spread the love by celebrating the local businesses that make the corridor unique. If your business is located along the 183 North Mobility Project, we'd love to showcase you in our newsletter or on our social channels. It's our way of saying "thank you" for your contributions and patience during construction. Interested or know a business that would love the spotlight? Reach out to Angie Posada.

Tell Us How We're Doing!

On the 183 North Mobility Project team, we believe in open communication. This month, we are seeking feedback through our annual Public Opinion Survey.

We want to know how we're doing in delivering the latest news about the project's impacts and progress. By taking this short survey, you're helping the team keep you informed in the best way possible. Your feedback helps ensure we're delivering the information that matters most to you.

Major Activity

Crews are temporarily closing the second Steck Ave. exit on southbound MoPac for 2-3 months to facilitate work on the operational improvements coming to the MoPac/US 183 interchange as a part of the 183 North Mobility Project. Alternate routes available. Schedule subject to change based on weather or other factors.
